

Week 3: Requirements Elicitation

- **Team report**

1. **Goals planned for this week:** **None (since this is the first week)**
2. **Team progress and issues:**
 1. *Presented idea*
 2. *Finalized idea*
 3. *Could've laid out a stronger ground work.*
 4. *We also could have organized and laid out the future steps better.*
3. **Goals planned for next week:** **(These are higher-level tasks for the team)**
 1. *Decided on concrete features 7 days*
 2. *Decided on how it will be implemented in 7 days.*
 3. *Decide on usability 7 days*
 - a. *Come up with use cases 3 days*
 - b. *General risk 3 days*

- **Contributions of individual team members**

1. **Brian McCarthy**

1. **Goals planned for this week:** **None (since this is the first week)**
2. **Team progress and issues:**
 1. *Made the final presentation slide*
 2. *Presented in class with the rest of the team*
 3. *Learned a bit of the project idea pitching process.*
 4. *Coming up with design ideas was challenging*
3. **Goals planned for next week:** **(These are lower-level tasks for which this team member is accountable)**
 1. *Brainstorm Use case 3 days*
 2. *Help finalize features 4 days*

2. **Sangwoo Park:**

Goals planned for this week: **None (since this is the first week)**
Team progress and issues:

1. Contribute to making a presentation
2. Presented in class
3. *Learned how to pitch an initial project idea and communicate design concepts within a team*
4. *Had some difficulty defining concrete features since the project scope was still unclear*

Goals planned for next week: (These are lower-level tasks for which this team member is accountable)

1. *Help brainstorm and document use cases – 3 days*
2. *Assist with finalizing core features and basic system flow – 4 days*

3. Kyohei Yamaguchi

1. **Goals planned for this week: None (since this is the first week)**

2. **Team progress and issues:**

1. *Made the presentation slide*
2. *Team presented well in the class*
3. *Weekly meeting helps to organize current working tasks*
4. *I was a bit lost due to the lack of communication of the team*

3. **Goals planned for next week: (These are lower-level tasks for which this team member is accountable)**

1. *Decide basic flows of implementation in 3 days*
2. *Review week 4 plans in 3 days*

4. Charley Lotspeich

1. **Goals planned for this week: None (since this is the first week)**

2. **Team progress and issues:**

1. *Made the 2nd presentation slide*
2. *Presented in class with the rest of the team*
3. *Learned what a brief overview of the project would be.*
4. *Figuring out the specifics was a bit difficult since we didn't have a super clear idea of what we wanted to do.*

Goals planned for next week: (These are lower-level tasks for which this team member is accountable)

3. *Brainstorm Use case 3 days*

4. *Help finalize features 4 days*
